【授業内容とその進め方】

This course has three main components: academic reading, academic discussion and academic writing. Most of the classes will be done through students' small group work and discussion instead of lectures. Therefore, student participation in and outside of class is highly valued.

This course is an English-only course but allows occasional meaningful use of Japanese in class. Japanese support in class and outside of class by the professor is available upon request.

Students are expected to contribute to class activities actively and finish homework on time.

【成績評価方法及び評価基準(最低達成基準を含む)】

This course adopts an accumulative grading system which divides the final grades into percentages. It is important to note that there will NOT be a final test that counts for 100% of your grade.

Attendance: 40%

Participation in class activities: 30%

Written assignments: 30%

However, any students who miss 4 classes WITHOUT any excuses will fail the course automatically. Students who miss 2 or more classes without excuses will not be able to get "S" grade.

【学生へのメッセージ】

Your attendance and your participation in class activities are two of the most important elements of the course and your achievement.

You must try to use English in class all the time. Inappropriate use of Japanese in class will be considered unacceptable behaviors in class and will lead to lower final grade.

Communication between students and the professor especially on course progress and study problems is highly encouraged.
