【主題および達成目標】
<p>The main goal of this class is for students to become able to use spoken English. This includes becoming used to the sound of different varieties of spoken English and using English for different kinds of speaking activities, such as discussions and surveys. It also includes increasing the amount of vocabulary that students can understand and use when they are speaking. Two other goals of this class are the development of critical thinking and becoming an autonomous learner of English.</p>

【授業内容とその進め方】

Class time will be used mostly for listening activities and speaking activities. The listening activities include: listening to a recording of "Frankenstein" while following along in the book, watching TV programs and movies with the subtitles in English, listening to songs, and watching children's videos. I will ask students about which kinds of activities they would like to do. The speaking activities will be based on the listening activities. In addition, I will ask students to do Autonomous Learning Assignments and Independent Projects. I will explain more about these in class.

【成績評価方法及び評価基準(最低達成基準を含む)】

In order to learn a language, it is necessary to try to use the language. Therefore, grades will be based on students' participation in class and on doing other assignments outside class. Specifically:

- Attendance and active participation: 40%
- Independent Projects: 40%
- Autonomous Learning Assignments: 20%

Students who have more than four unexcused absences will not be able to pass the class. Being late three times will count as one absence. If you have a good reason for being absent or missing class, please tell me.
